### Melody handbell play along videos

These are "Follow the Bouncing Ball" version play along videos. If the links don't work try the "copy and paste" method in your browser window. The text or the link should let you know which bells are needed for that tune. Be sure everyone who wants to play gets a chance to ring a bell. Try to switch them up if possible. Some people may want to try two bells.

Evening Rise This one is a little more challenging, but has a very calming minor melody. Some of the chromatic bells (the ones with sharp [#]) are used for this tune. (C, C#, D, D#, E, F#, G, A, B) Note there is no plain "F"  [Evening Rise - Handbells 2](#)

NEW BELL PLAY ALONG 5/20/2024

Ladybird  [Ladybird - Boomwhackers + rhythm](#) This is a cheery song with some eighth notes in it, so it is a little faster; but a fun catchy tune!
